

Pasteur-Paris University International Doctoral Program (PPU) IN LIFE SCIENCES AND BIOMEDICINE

Call for 2024

An exceptional **PhD program** in the exciting, dynamic and interactive research environment of the Institut Pasteur in collaboration with Parisian universities. The **PPU PhD program** is for students holding a Master's degree (or equivalent) in science, medicine or related fields from a non-French university.

Program philosophy and resources

- Improving public health and welfare through scientific discovery
- intensive research experience in a dynamic and supportive learning environment
- nurturing scientific curiosity while fostering creativity and independence
- stimulating discipline-specific and cross-disciplinary coursework
- mentorship from world-class faculty and a personalized thesis advisory committee
- extensive cutting-edge resources and state-of-the-art technology platforms on site
- a three-year salary covering living expenses and social benefits
- assistance with housing and visas
- dedicated student club for science and social activities

Application process

There are **3 steps** in the selection process

- **First step:** being selected by a host laboratory. Available labs and their projects will be on the website from September 18 to October 31, 2023. Apply with the lab of interest (up to 4) as early as possible after September 18 to be potentially interviewed by the supervisors.
- **Second step:** submit complete application in collaboration with host lab (« joint application ») by November 13, 2023.
- **Third step:** short-listed candidates will be invited for an interview at the Institut Pasteur early February 2024, with decision shortly thereafter.

Deadline for application: Oct. 31, 2023
