

INSTITUT PASTEUR COURSE - EDUCATION CENTER

Regulatory course for project designers

(RODENTS & LAGOMORPHS)

Autumn session: Institut Pasteur, Paris, November 25-December 6, 2019

The **2-week course program** is structured based on the “Arrêté du 1er février 2013 relatif à l’acquisition et à la validation des compétences des personnels des établissements utilisateurs, éleveurs et fournisseurs d’animaux utilisés à des fins scientifiques”.

It covers especially the following topics: legislative, ethical and welfare aspects of using animals for scientific purposes; biology, husbandry, genetics, breeding, transgenesis, anaesthesia and analgesia of laboratory animals, experimental procedures, alternatives to animal use, handling techniques, substance administration etc... The course includes lectures from experts in the field, and practice of basic techniques on Laboratory Animal Science.

The course has been approved by the Ministry of agriculture (Approval reference: I-75Institut Pasteur-F1-14).

Two sessions per year (one in Spring and one in Autumn). 60 candidates are selected for each session.

At the end of each session, all participants will be evaluated and a graduation certificate will be issued to those who successfully completed the course.
