

FIOCRUZ - PASTEUR - USP Call for Project Proposals 2020

Fundação Oswaldo Cruz - Institut Pasteur International Network - Universidade de São Paulo

SUMMARY

The call for proposals for projects involving the Institut Pasteur International Network, Fundação Oswaldo Cruz (Fiocruz) and the Universidade de São Paulo (USP) is now open.

The main objective is to facilitate the collaborations in priority areas of research and public health programs, particularly in the framework of the tripartite agreement signed between Institut Pasteur, Fiocruz, USP on June 8th, 2015 and of the Memorandum of Understanding signed on 28 July 2017 between Institut Pasteur, Fiocruz, USP and FUSP.

The proposals should bring together researchers or teams from at least one institute member of the Institut Pasteur International Network (<http://databaseriip.pasteur.fr>), of the Fundação Oswaldo Cruz and of the Universidade de São Paulo.

The new deadline for submitting applications is July 10th, 2020.

1. PASTEUR - FIOCRUZ - USP PROGRAM

The Pasteur - Fiocruz - USP Program aims at consolidating the scientific cooperation between researchers of the three institutions, in the framework of the tripartite agreement signed between Institut Pasteur, Fiocruz and USP, on June 8th, 2015.

2. RESEARCH COLLABORATION GRANTS

2.1. Goals of this grant

- to promote and facilitate high quality and long-term collaboration between faculty/researchers at the partner institutions in areas of strategic importance;
- to promote academic mobility;
- to facilitate the publication of high quality joint research papers;
- to facilitate the submission of high quality research bids.

2.2. Eligibility

- The proposals shall be embedded in the following priorities:
 - vector-borne infectious (emerging and re-emerging) diseases;
 - neurosciences, neurodegenerative and neuromuscular diseases;
 - system biology approach for understanding disease.

- One “Pasteur”, one “Fiocruz” and one “USP” coordinator will be identified when submitting the application form.
