International Doctoral Program In Life Sciences and Biomedicine

DEADLINE FOR APPLICATION: NOV 16, 2026

Apply Here

www.pasteur.fr/PPU

An exceptional **PhD program** in the exciting, dynamic and interactive research environment of the Institut Pasteur in collaboration with Parisian universities.

The **PPU Doctoral program** is for students holding a Master's degree (or equivalent) in science, medicine or related fields.

Program philosophy and resources

- Improving public health and welfare through scientific discoveries
- Intensive research experience in a dynamic and supportive learning environment
- Nurturing scientific curiosity while fostering creativity and independence
- Stimulating discipline-specific and cross disciplinary coursework
- Mentorship from world-class faculty and a personalized thesis advisory committee
- Extensive cutting-edge resources and state-of-the-art technology platforms on site
- A three-year salary covering living expenses and social benefit
- Assistance with housing and visas
- Dedicated student club for science and social activities

Application process

There are 3 steps in the selection process

First step:

Being selected by a host laboratory. Available labs and their projects will be on the website from October 1 to November 16, 2026. Apply with the lab of interest (up to 4) as early as possible after October 1 to be potentially interviewed by the supervisor.

Second step:

Submit complete application in collaboration with host lab (joint application) by December 14, 2026.

Third step:

Short-listed candidates will be invited for an interview at the Institut Pasteur early March 2027, with decision shortly thereafter.
