BECOME AN INFECTIOUS  
DISEASE EXPERT

# Institut Pasteur's Online Courses

Delivered in MOOC (Massive Open Online Courses) format, these courses offer advanced training in **fundamental biology and infectious diseases**.

Tailored for **life-science students and practicing professionals** from all over the world, these free online courses provide insights straight from **leading international experts**.

"I really love the great flexibility and truly enriching content of the MOOC, which fits perfectly into my very busy PhD schedule."

**Charushila Paul**  
(Bangladesh)

"As a Humanitarian Healthcare Worker, the knowledge and certificate I acquired have played a major role in acquiring jobs."

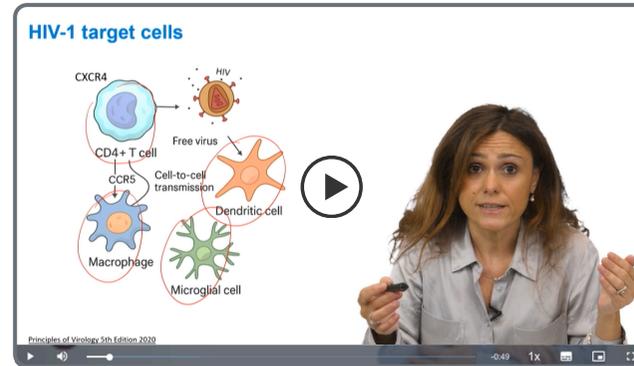

**Fatima Idris Abdulhamid**  
(Nigeria)

"I love the diversity of courses on different biological topics. It broadened my biology knowledge despite my chemistry background."

**Philipp Deist**  
(Germany)

## Each MOOC Offers

### Free content

-  An average of 25 hours of training
-  About 30 short **videos** (10 min)  
*By experts in the field*  
*Subtitled in French and English*
-  4 **quizzes** per video
-  A **forum** animated by a community manager
-  A **live session** to interact with the course directors

**Option to pay to pass the certification exam**
